

RENGØRING CONSORTIE

We strength our customers...

**Swan-labeled
Cleaning products**

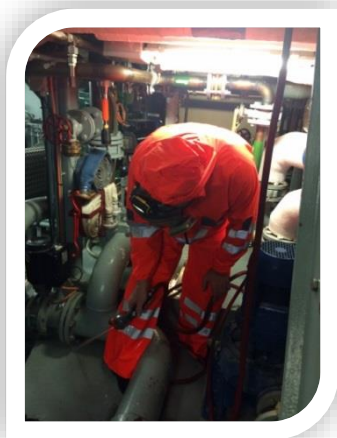

Brief information about Rengøring Consortie Ltd.,

RC was founded in 1999 and has accumulated rich experiences in many types of cleaning tasks in industry, ships, damage control and traditional cleaning.

This experience has led that in 2013 we decided to produce our own cleaning products for in-house use and for resale.

The cleaning products are of high quality and at reasonable prices. Besides Swan-labeled cleaning products, we also have a large assortment of non-Swan-labeled chemicals.

It is not our total range of Swan-labeled cleaning products as seen from this infinite fold. If you do not find what you seek, one of our staff is always ready to deal with Your inquiry.
